Prepared: 7 October 2026

For an apartment outage, start with accessible battery lighting, a tested phone-charging kit, printed contacts, drinking water and food you can prepare without electricity. Check building access and household medical needs before choosing backup equipment.

ACTION CHECKLIST

- [ ] Test an accessible battery light.
- [ ] Test your phone and charging cable together.
- [ ] Print essential contacts.
- [ ] Check building access and evacuation arrangements.
- [ ] Review water and no-cook food needs.
- [ ] Arrange a specific plan for powered medical equipment.
- [ ] Record a review date.

This is a planning aid, not a complete emergency plan or professional training. Follow local instructions and equipment manuals.
